PATHWAYS TO EMPLOYMENT

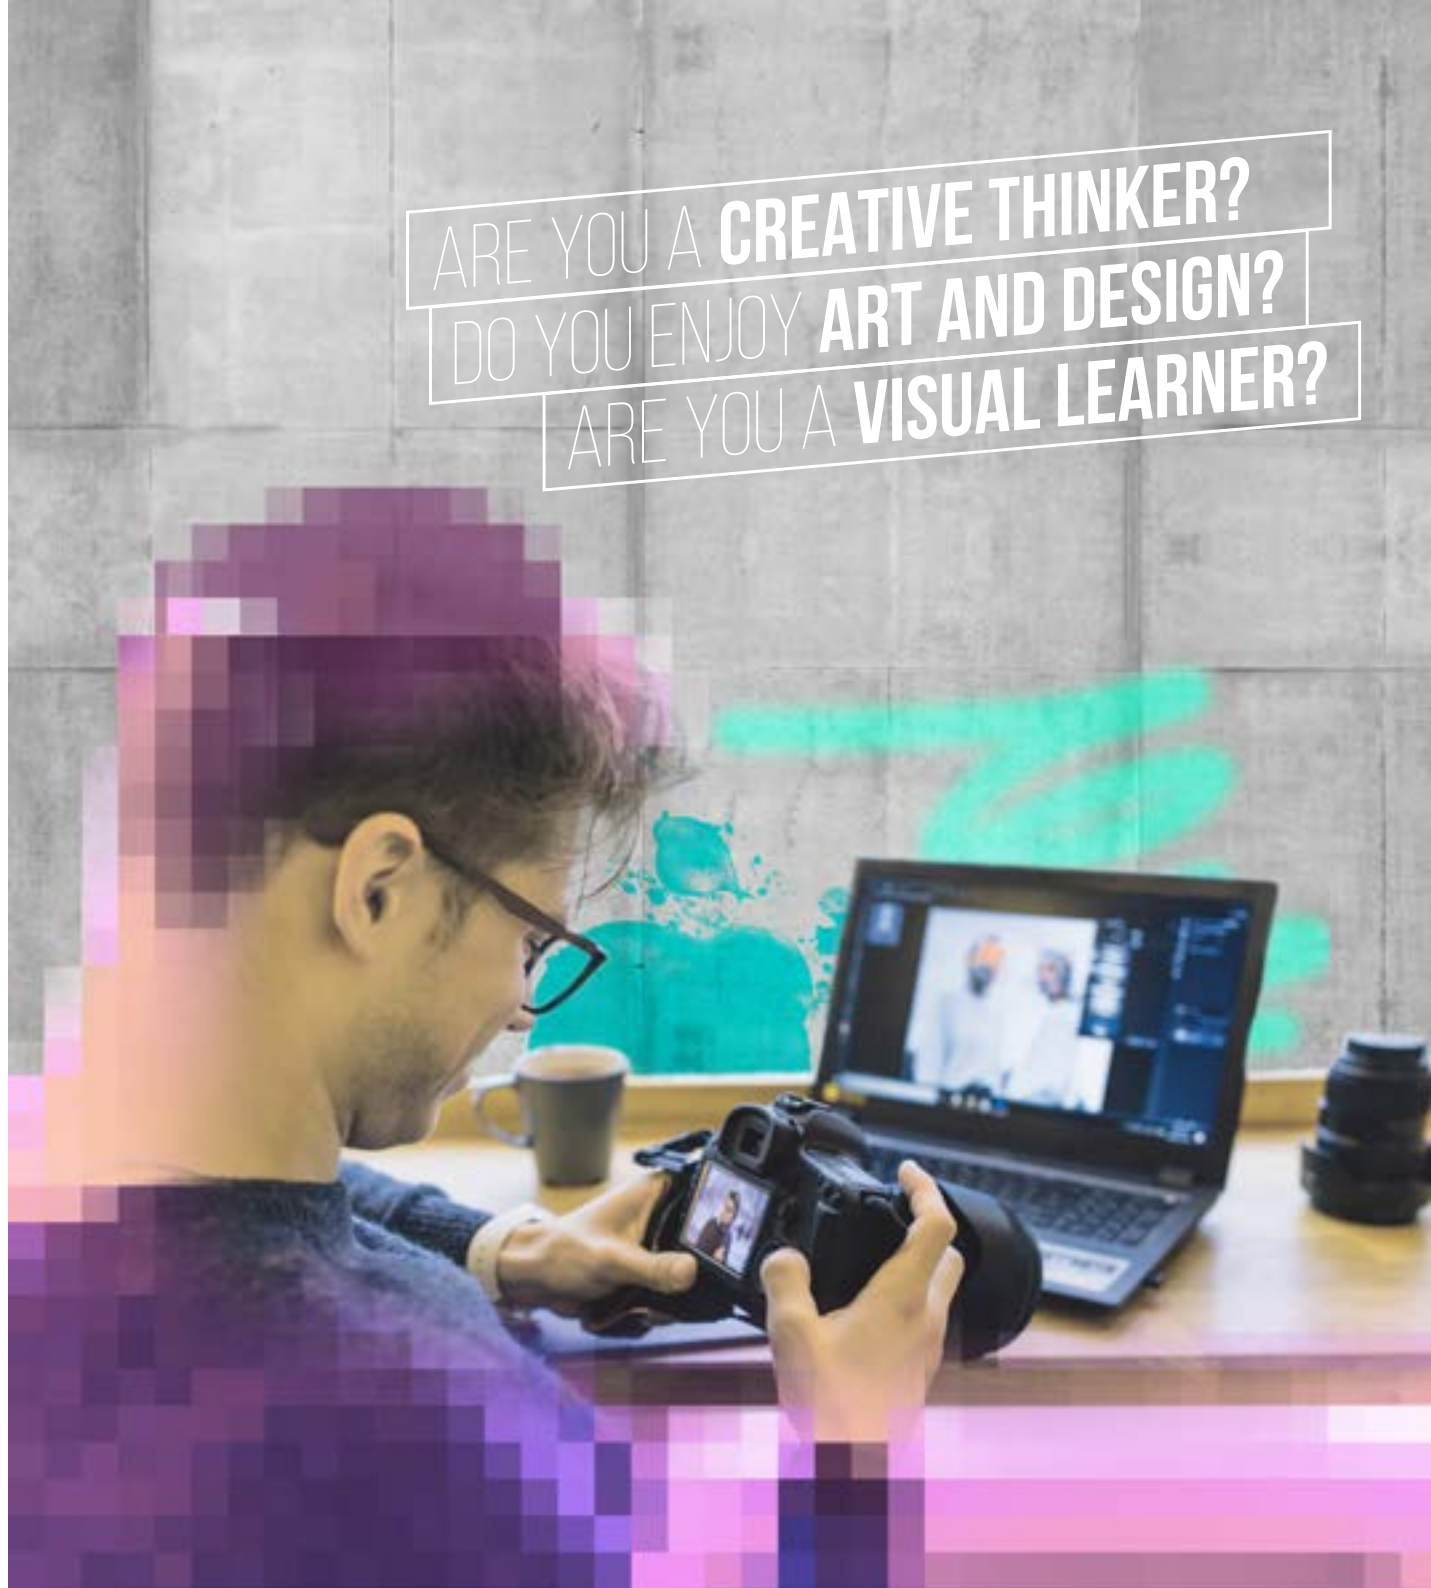

LEARN DIGITAL MEDIA

Looking for a career in Digital Media & Design?
This level 2 Certificate in Arts and Design course
will set a great foundation for an exciting start to
your future in design.

You will learn a wide range of media techniques
such as video, drawing, animation and
photography. You will create your own design
concepts and collaborate with other students on
creative projects.

Successful Graduates from this programme could
pathway onto further study in Certificates, Diploma
or Degrees in Media Arts.

ARE YOU A **CREATIVE THINKER?**
DO YOU ENJOY **ART AND DESIGN?**
ARE YOU A **VISUAL LEARNER?**

LEARNING OUTCOMES

STUDENTS WILL BE ABLE TO:

- Apply basic skills and conventions to produce art, craft and design work.
- Explore creative processes and techniques to solve basic problems and present work in arts, craft and design.
- Demonstrate work practices in arts, craft and design and recognise potential education and employment pathways.
- Collaborate with others in the discussion and presentation of work, using basic arts, craft and design terminology.
